

# Why do people like Boldfield?

## - the secret power behind your business

At Boldfield we have just one goal - to help our customers succeed. That's a pretty ambitious goal because we have a lot of customers, but we're 100% committed to it.

We understand how vital IT is to your business. It keeps you in touch with your customers, gives them a trouble-free buying experience, manages your costs and resources and increases your profits. We set up the hardware, the software, the telecoms, the online security and provide the help-desk. We can supply all of it, or just a bit of it - you choose what you need.

We're accredited by - Microsoft, Dell, HP, Symantec and many others. We're also a Sage Business Partner and Accredited Sage Developer with a comprehensive range of Sage services.

### Top quality advice

We know what we're talking about. We keep up with changes in technology and we've got a great team of people with a sound mix of experience and fresh new talent. Our advice is honest and jargon-free. We don't sell or tell, we discuss your needs and help you choose the right product or service for your business right now.

### Excellent customer service

We are 100% customer focussed. That means we're friendly, we remember your name and we'll never sell you any IT that you don't need - **GUARANTEED**. You can rely on our support packages which means you won't lose valuable time and money trying to fix problems yourself.
